THE REAL ESTATE MARKET.

SITE FOR THE MUNICIPAL ELEC-TRIC LIGHT PLANT.

City Contracts to Buy the Block Between Ninetleth and Ninety-first Sts. on the East River for \$350,000—Active Trading in the Uptown Districts.

Yesterday's brokerage reports reflect an unusually varied and active private sales market for this season of the year. In addition to the ordinary run of dealing in the flat and tenement sections, a considerable demand was shown for high grade property. Several elevator apartment houses changed ownership; a Fifth avenue corner was bought for improvement with an expensive dwelling, and a buyer was found for a valuable private house on the West Side.

The city contracted to purchase the block bounded by Ninetieth and Ninety-first streets, Avenue A and the East River as a streets, Avenue A and the East River as a site for the proposed municipal electric light plant. The block contains about fifty-three lots and has a frontage on the river of 205 feet and a depth to Avenue A of about 650 feet. It is near the large electric plants that supply most of New York's light and power and is conveniently located for the landing of fuel and supplies. The land is owned by members of the firm of Lesher, Whitman & Co., who agree to sell it to the city for \$350,000.

city for \$350,000.

Meyers Brothers of 35 Maroy avenue,
Brocklyn, bought the hotel property of the
late Commodore Phillips, adjoining the
steamboat landing at Great Neck, L. I.
G. Smith Stanton of Great Neck negotiated G. Smith Stanton of Great Neck negotiated the sale. The property comprises nine acres. It brought about \$6,000 an acre, the highest price paid for water front property along the Great Neck Shore. Since the purchase of the Oriental Grove by private parties the excursion companies of New York have been trying to acquire property in Great Neck for picnic grounds. They have made high offers for different prices, but invariably wealthy residents of Great Neck have outbid them. The last water front available for the excursion companies was the Phillips property. companies was the Phillips property.

COST INSURANCE means knowledge on the part of the owner of what he will have to pay before he obligates himself to

the reduction of the bese woir of "extras" to a point which will rob it of its terrors.

duce economy in these days.

which does its work instead of getting it done has the same control over a building as the great shipbuilder has in the building of an ocean liner. The Cunards, for instance, would not think of entrusting the work of building their great steamships to any but concerns having organizations which enable them to control their own work. So it should be with owners of buildings, and so it will be when it becomes known that organization is as potent for good in the building industry as it is in other industries.
